PROFESSIONAL EXPERIENCE

AI Engineer | Internship

Oolab Tunisia

📅 02/2025 - 07/2025

📍 Cité Mahrajene, Tunisia

Development of an IA self-healing plugin for testing with Cypress

- Design and development of a self-healing plugin for Cypress framework, integrating AI techniques for the detection and automatic correction of broken selectors.
- Implementation of a smart reporting dashboard based on a supervised machine
- learning model for analyzing test errors.

Data Analyst | Internship

ECC: Elite Council Consulting

📅 07/2024 - 08/2024

📍 Tunis , Tunisia

Developed a platform for intelligent CV analysis

- Automation of recruitment with machine learning algorithms for CV classification.
- Used pandas and regex for CV extraction and processing.
- Calculated matching scores for candidates.
- Applied CRISP-DM methodology.

Technologies used: Django, HTML5, CSS3, MySQL

BI Developer | Internship

Air Liquide Tunisia

📅 02/2022 - 05/2022

📍 Charguia , Tunisia

Implementation of a decision-making solution for sales management

- Definition of **KPIs** and design of a multidimensional modeling.
- Development of **ETL** processes for extraction, transformation
- Integration of data into a Data Warehouse.
- Design of interactive dashboards under **Power BI** for real-time visualization of business performance.

ACADEMIC PROJECTS

• E-commerce Full Stack Project – Spring Boot & Angular

Development of an e-commerce website with product management, shopping cart, online payment, and admin interface.

• LMS Development – MERN Stack

Design and implementation of a full-stack web platform (MongoDB, Express, React, Node.js) for course management, user authentication, role management, and tracking learners' progress.

• Intelligent Chatbot based on RAG and LLMs

Development of a chatbot capable of answering questions related to diseases, treatments, and medical recommendations using RAG techniques combined with large language models.

ACADEMIC BACKGROUND

Engineering cycle in Software Development

Higher Institute of Computer Science ISI

📅 09/2023 - 06/2025

📍 Ariana , Tunisia

Master's Degree M1 in Data Science and Software Development

Higher School of Digital Economy | ESEN

📅 09/2022 - 06/2023

📍 Manouba , Tunisia

Bachelor of Business Computing : Business Intelligence

Higher School of Digital Economy | ESEN

📅 09/2019 - 06 /2022

📍 Manouba, Tunisia

Baccalaureate of Experimental Science

Ibn Abi Dhiaf High School

📅 2018-2019

📍 Manouba, Tunisia

SKILLS

Programming Language

C - PHP - Java - JEE- Javascript - Python

Web Development

HTML5 - CSS3 - Symfony -Angular - SpringBoot-Bootstrap- NodeJs- Git

Data Analysis

PowerBi - RStudio - Data Analytics

DataBase

SQL, PL/SQL, MongoDB, Docker

CERTIFICATES

Azure AI -900 Fundamentals - Microsoft

📅 04/2023

Azure Devops Boards - Coursera

📅 01/2023

Leadership and Emotional Intelligence - Coursera

📅 04/2021

Introduction to Python- GoMyCode

📅 09/2020

EXTRACURRICULAR ACTIVITIES

Community Manager

Enactus ESEN

📅 01/2019 - 02/2021

Winner Digital Innovation Competition

Enda Inter Arabe

📅 02/2023

LANGUAGES

Arabic: Native

French : Bilingual

English : Professional
